

The Welfare of Stray Dogs

October 19, 2020

CERTIFICATE OF APPRECIATION

We would like to thank Ms Zara Andhyarujina, a grade 8 student of The Cathedral and John Connon School for being in the core organising team and organising 'CoroNo', a virtual fundraising concert on September 26, 2020 and for raising funds through Ketto.

Everyone at WSD including the doggies join me in appreciating her for this very kind gesture and for her efforts of organising the fundraiser and event.

We are very grateful to receive Rs 72,190 that was collected by the 'CoroNo' organising team and it would not have been possible without her efforts. These funds were used to purchase food to feed the street animals that were going hungry during the Corona-19 lockdown.

The Welfare of Stray Dogs (WSD) is a registered animal welfare Non Government Organisation (NGO) that has been carrying out a mass sterilization and immunization programme for stray dogs in Mumbai since 1994. WSD has sterilized more than 58,000 strays and impacted the lives of more than 1, 70,000. WSD's activities also include an on-site first aid, adoption, mass-immunization of stray dogs against rabies & education and awareness programmes.
